

Hedgehog Day

Friday 6th October

Hedgehogs are one of the most familiar British wild animals, especially at this time of year; however, their numbers are sadly in decline across the country.

There are many ways that people can easily help the hedgehog population, and on Friday 6th October we will be welcoming Letchworth based hedgehog rescue centre, 'Hettie's Helpers' into school to learn about this.

We will be having a hedgehog themed day in classes and may even have a spiky visitor!

Hettie's Helpers is a voluntary organisation and in return for their visit, we are asking for donations towards the running of their hedgehog rescue centre. On the day, children are asked to bring any of the following:

- **Cat food pouches or tins - meat flavours in jelly (not fish)**
- **Cat biscuits**
- **Old baby blankets/fleece blankets (not knitted ones)**
- **A small cash donation**

If you would like to find out more about Hettie's Helpers, visit www.hettieshelpers.co.uk or find them on Facebook.

Thank you
