

St Ippolyts CE (Aided) Primary School

A copy of this curriculum overview and the current homework plan is available on the school website www.stipps.herts.sch.uk (under the 'For parents' tab)

Home-learning

Autumn 2018

Class 1

Miss Ingle

HOW TO USE THIS GRID

Over this half term, 'pick and mix' 5 activities from the boxes below. You need to choose at least one English and one Maths activity, the rest are up to you. You can complete the activities whenever you want over the half term so long as you have done at least 6 by the end of the half term.

When you have completed one of the tasks, bring it into school to display on the Home Learning wall. You could earn house points for home learning too!

Literacy (L)

READING:

Be able to recognise all letters of the alphabet from flash cards, both the name of the letter and also the sound it makes.

WRITING:

Warm challenge: Write your name with help from a grown up

Hot challenge: Write your first name independently and making sure all of your letters are correctly formed.

Boiling challenge! Write your first name and surname accurately, with no help!

Maths (M)

Warm challenge: Write numbers 0-5 with the correct formation, independently.

Hot challenge: Be able to count a selection of objects to 10 and write down how many you count.

Boiling challenge! See if you can count forwards and backwards to 20! Can you also write some teen numbers accurately?

Communication and Language (CL)

Learn your address and practise what you would say if you had to ever call 999.

Talk to your grown-ups about what to do in the event of a fire. Do you know your escape route?

Personal, Social, Emotional Development (PSED)

Write a thank you card to someone who helps you. Can you also add a stamp to the envelope and post it in your local post-box. Don't forget to check the times on the front to see when the postman will collect it!

Physical Development (PD)

Practise with your grown up, how to cross the road safely. Don't forget to stop, look and listen for danger.

Think about ways that we can eat healthily. Challenge yourself to try 3 unusual fruit or vegetables and take a photo or which new fruit or vegetables you chose.

Understanding the World (UW)

Make a 'person who helps me' costume using things from around your house. Can you pretend that a coat or shirt from a grown up is part of a uniform? Can you create your own badge to wear so that everyone knows who you are?

Have a look on the Ipad or computer with a grown up, for information about fire-fighters and doctors. Talk about ways that you can keep safe on the computer.

Expressive Art and Design (EAD)

Use boxes and recycled materials around your house to design your own emergency vehicle or farming vehicle.

Create an autumn picture using natural objects from your garden or local park.
