St Ippolyts CE (Aided) Primary School

A copy of this homework grid and the current curriculum overview is available on the school website www.stipps.herts.sch.uk (under the 'For parents' tab)

HOME LEARNING Autumn 1 2017

Class 4 Miss L. Gale

HOW TO USE THIS GRID

Over this half term, **choose at least 6 activities** from the boxes below which are linked to our current topics.

You can complete the activities whenever you want over the half term so long as you have done at least 6 by the end of the half term. **You must choose at least one Maths and one English activity.**

When you have completed one of the tasks, bring it into school to display on the Home Learning wall. You can earn house points for super pieces of homework!

WEEKLY HOME LEARNING

On **Tuesdays** you will receive a set of spellings to learn and a piece of English **or** Maths to do.

Your piece of homework is due in and your spellings will be tested on the following **Monday,** which means you have a whole week and a weekend to do it.

DAILY READING AND TIMES TABLES

Read every day at home, with an adult. Discuss what you have read and record your reading in the diary. Remember to explore any new vocabulary you come across too.

Practise your times tables too, just a few minutes a day to learn them by heart.

Year 3 - 3s, 4s, and 8s. Year 4 - 6s, 7s, and 9s.

ENGLISH

- Convince a family member that your favourite book is the best book ever written! Think about using persuasive language. You could write this and read it to them or tell them with the help of some notes.
- Choose two books you have read recently and compare them. Did you like one more than the other, if so why? Would you recommend these books? Which one had the best characters?
- Write a list of the favourite books of members of your family - why do they like them so much?

MATHS

- Go for a number hunt around your house! For example, maybe your house number is written on your door. See if you can partition these numbers into thousands, hundreds, tens and ones.
- Choose three random numbers from a pack of cards, arrange these to make three digit numbers and order them.
- Create an information leaflet, for an alien, about different ways we can represent numbers (Base 10, portioned, in words etc.)
- Roll a dice and record the numbers 3 or 4 times to create 3 or 4 digit numbers. Can you:-
  - multiply it by 10?
  - round it to the nearest 10, 100, 1000?
  - add them together?
  - subtract the smallest number from the biggest number?

SCIENCE

- Photograph items around your house and sort them into solid, liquids and gases.
- Can you find condensation at home? Where did it form? What time of day was it?

RELIGIOUS EDUCATION

Find out about who your family find inspirational. Research them and ask why they think they are inspirational

COMPUTING

- Write a step by step guide about how to use a search engine (use your e-safety rules!)
- Explain to someone what the WWW is and how it works.

HUMANITIES (History/Geography)

- Find out some interesting facts about the history of your family.
- Compare your town to another town you have visited or know lots about.

ART / DESIGN

Create a comic strip of something you have done over the weekend (you could make this up if you like, try and convince me it actually happened!)

PHYSICAL EDUCATION

Create your own pose for our Indian dance. Perhaps you could photograph the pose and label it to explain how to do it!

MUSIC

Think about your favourite animal, maybe a pet, and describe the sounds they make. Not just obvious sounds such as a dog bark! Do you make a sound when they walk? Do they try to talk to other animals?

PSHE&C

- Which of the learning powers do you think is the most important and why?
- Which of the learning powers do you think you need to develop further? How will you achieve this?

Additional information

PE kits need to be in school at all times. We have PE Tuesday afternoons and Wednesday mornings.

Water bottles and break time snack boxes need to be labelled

Please remember pencil cases should be small enough to fit in your trays!

Key dates

28th September - Harvest Festival (am)

2nd October - Open Session

6th October - Hedgehog Day

18th October - Photographs
