

St Ippolyts CE (Aided) Primary School

A copy of this homework grid and the current curriculum overview is available on the school website www.stipps.herts.sch.uk (under the 'For parents' tab)

HOME LEARNING Autumn 1 2017

Class 5

Miss L. Walker

HOW TO USE THIS GRID

Over this half term, **choose 6 activities** from the boxes below. You need to choose at least one **English** and one **Maths** activity, the rest are up to you.

You can complete the activities whenever you want over the half term so long as you have done at least 6 by the end of the half term.

When you have completed one of the tasks, bring it into school to display on the **Proud Wall** or on our homework display. You could earn house points for home learning too!

WEEKLY HOME LEARNING

- On **Tuesdays** you will receive a set of spellings to learn and a piece of English **or** Maths to do.
- Your piece of homework is due in and your spellings will be tested on the following **Monday**, which means you have a whole week and a weekend to do it.
- It is **your responsibility** to copy your spellings correctly off the board. They will be written clearly so mistakes should not be made.

DAILY READING AND TIMES TABLES

- **Read every day at home**, by yourself or to an adult. **Remember to get your homes school contact book signed.** Discuss what you have read and record your reading in the diary. Remember to explore any new vocabulary you come across too. Home school contact books will be collected in on a Monday as well to monitor this.
- Practise your times tables too, just a few minutes a day to learn them by heart ready for our turbo tables!

ENGLISH

- Draw a cartoon myth with speech bubbles and narration – you could base it on a myth you know or make up your own.
- Create a mythical creature and complete a character description of them.
- Create a persuasive poster, convincing people to buy something.

MATHS

- Create a timeline of the key events that have happened in London, showing the number of years between each part.
- Draw some of the rooms in your house, measure the perimeter and work out the area of them.
- Write a set of addition, subtraction, multiplication and division word problems – make sure you have the answers too!

SCIENCE

Complete this digestive experiment and take a picture of the stages.

1. Break bread into a bowl
2. Add water (saliva)
3. Add vinegar (stomach acid)
4. Squeeze and mix with your hand (stomach)
5. Send to the intestines! Place contents onto a towel, roll up and squeeze out the nutrients.
6. What stage does this look like?
7. Observe bits leftover and liquid on the towel.

RELIGIOUS EDUCATION

Through your choice of art medium, depict a story from the Bible.

COMPUTING

Use excel and your knowledge of formulas to create a table – e.g. pocket money savings.

HUMANITIES (History/Geography)

- Research and create a family tree of the Royal Family - this could be a historic family such as the Tudors or Victorians or the current Windsor Royal Family.
- Create a skyline picture of London – research the buildings that might be seen there (London Eye, The Shard etc)

ART / DESIGN

Create a mood board/collage that reflects your cushion cover design.

PHYSICAL EDUCATION

Research a swimmer or dancer, for example, Adam Peaty or Darcey Bussell and create a short fact file about them.

MUSIC

Create a rhythm using crochets, quavers, minims, semiquavers and rests – note it down. You could also perform it to the adults at home – take a picture if you do!

PSHE&C (Personal, social, health education, and citizenship)

Create a booklet or leaflet about healthy eating and the importance of active lifestyles.
