

St Ippolyts CE (Aided) Primary School

A copy of this homework grid and the current curriculum overview is available on the school website www.stipps.herts.sch.uk (under the 'For parents' tab)

HOME LEARNING Autumn 2 2017

Class 6

Mrs G. Stewart

HOW TO USE THIS GRID

Over this half term, **choose 6 activities** from the boxes below. You need to choose at least one English and one Maths activity, the rest are up to you.

You can complete the activities whenever you want over the half term so long as you have done at least 6 by the end of the half term.

When you have completed one of the tasks, bring it into school to display on the Home Learning wall. You could earn house points for home learning too!

WEEKLY HOME LEARNING

On **Tuesdays** you will receive a set of spellings to learn and a piece of English or Maths to do.

Your piece of homework is due in and your spellings will be tested on the following **Monday**, which means you have a whole week and a weekend to do it.

DAILY READING AND TIMES TABLES

Read every day at home, with an adult. Discuss what you have read and record your reading in the diary. Remember to explore any new vocabulary you come across too. 15-20 mins a day.

Practise your times tables too, just a few minutes a day to learn them by heart.

ENGLISH

- Create your own non – chronological report about an animal or plant. This must include facts about its place in the classification system.
- Draw a cartoon story about the Christmas Story. Use speech bubbles as well as narration.
- Poetry – Choose any one of the subject areas and see if you can create your own poem drawing upon figurative language features.
- Research and make a fact file on an author of your choice.
- Write a blog following up from family week.

MATHS

- Design a shape board game. Create small cards that test areas of shape.
- Measure and follow a recipe accurately to make a Christmas dish (sweet or savoury). Take a picture of your creation.
- Create a 3d shape from a net.
- Create a help sheet for a younger child on how to do a core skill such as addition, subtraction, multiplication or division.
- Design an advent calendar or Mayan calendar.
- Design a branching database to show part of the classification system.
