

# St Ippolyts CE (Aided) Primary School

A copy of this curriculum overview and the current homework plan is available on the school website [www.stipps.herts.sch.uk](http://www.stipps.herts.sch.uk) (under the 'For parents' tab)

## Home-learning

Spring 1, 2019

Class 1

Miss Ingle

### HOW TO USE THIS GRID

Over this half term, **'pick and mix' 5 activities** from the boxes below. You need to choose at least one English and one Maths activity, the rest are up to you. You can complete the activities whenever you want over the half term so long as you have done at least 5 by the end of the half term.

When you have completed one of the tasks, bring in a photo or record of the task, to display on the Home Learning wall. You could earn house points for home learning too!

#### Literacy (L)

Read a superhero story or comic book with a grown up. Talk about the beginning, middle and ending of the story and talk about how you would change the story if you wrote it yourself.

Draw a picture of your favourite fairy tale character. Around it, write all the words you can think of, to describe what they are like.

Write a secret message to someone using disappearing ink! Mix some lemon juice with a little bit of water, write a message using a cotton bud and wait for it to disappear. Lightly heat your paper over a bulb or hair dryer, to reveal your hidden message.

#### Expressive Art and Design (EAD)

Create your own superhero badge using paper or card. Think about the shape and colours you select and what your super-hero (or villain!) name will be...

Paint a picture of your favourite hero or villain.

Create a superhero or fairy tale prop. This might be a web-blaster, shield or maybe even a glass slipper or magic mirror! Bring them in to show.

#### Communication and Language (CL) and Personal, Social, Emotional Development (PSED)

Read some well-known fairy tales with a grown up. What kind of moral do you think they have behind them? Can we learn anything from the story?

Talk about what it means to be a hero. Is there anyone in your family who has ever been heroic?

#### Physical Development (PD)

Do some superhero fitness training! Use items from your house/ garden to make your own obstacle course and challenge your grown-ups to try and beat your best time.

Using construction toys (Lego, Duplo, stickle bricks, magnetic construction etc.) to create a fairy tale home. This could be a princess castle, cottage in the wood or something from your imagination!

#### Understanding the World (UW)

Make your own superhero light, using a torch and some card/ materials. See if you can project your symbol onto the wall of your room.

Use some magnetic powers! Play with magnets to see what super-powers they possess. Bring them into school (or a photo) and share with the class, something you have found out.

#### Maths (M)

Play, 'What's the time Mr Wolf' using o'clock and half past times. Make sure you look closely at the big and small hand to check they are in the right places.

How strong are your hero powers? Find some heavy things around your house and weigh them to find out. Put them in a line from lightest, to heaviest.
